## POSTAL

Service Bill was Passed in the House Almost Unanimously.

## Only One Amendment Added

And That was One to Classify the Free Rural Delivery. The Senate Took Another Turn at Hanna's Ship Subsidy Measure.

Washington, March 15.—The house passed the postoffice appropriation bill. The only amendment of importance adopted was one to incorporate in the bill the provisions of the bill to classify the rural free delivery service, passed a few days ago. Quite a number of other bills were passed, including three bills for marine hospitals at Buffalo, Savannah and Pittsburgh. The Burleson resolution calling on the secretary of state for the facts relative to the case of Dr. Thomas and wife, who desired to go to South Africa to distribute relief funds, was adopted after a short debate. In the course of which Mr. Hitt, chairman of the committee on foreign affairs, introduced a letter from Secretary Hay explaining what the department of state had done in the premises. The letter referred to is as follows:

"Department of State,

"Washington, March 12, 1902.  
"Sir—Referring to the resolution recently introduced in the house, I beg to make the following statement of facts: A few days ago a young gentleman called and asked whether this department would issue passports to the Rev. Dr. Thomas and Mrs. Thomas, who were intending to go to South Africa for the purpose of distributing funds which had been collected in Illinois for the benefit of the sufferers by the war. I said at once the department could issue the passports desired, and that I would also give Mr. Thomas a letter commanding him to every one whom I could influence and asking their assistance in his errand.

## TWENTY-FOUR THOUSAND

Factory Operators at Fall River to be Called Out Monday.

Fall River, Mass., March 15.—There was a conference this morning between the executive committee of the Textile Manufacturers and the secretaries of five labor unions, which lasted an hour and a half, and adjourned without result. This means the strike of 24,000 operatives Monday. The manufacturers claim they cannot afford to give 10 per cent advance. They are willing to give six per cent Monday, instead of April 7, as previously agreed. The proposition was not acceptable to the secretaries, who stated after the meeting that this would have the men out Monday.

## MANY MILLIONS

Involved in a Suit for an Accounting.

New York, March 15.—John H. Parks, has begun an action in the supreme court to compel John W. Gates to render an accounting of the profits secured through the formation of the American Steel and Wire Co. Parks declared he never received his share of the profits of the deal, and that Gates never accounted for the large profits he made. Fifteen million dollars are involved in the transaction.

## CHARGES FILED

Have Been Forwarded to Powell Clayton.  
The Fight Against Him Has Been in Progress for Some Months.

Washington, March 15.—The charges against Ambassador Powell Clayton submitted to the state department were forwarded to him in order that he may make reply if he cares to do so. It appears that the fight upon the ambassador has been in progress for several months and he is aware of all that has been done by his opponents up to this point. Now the question is for the first time raised formally as to the propriety of an ambassador or minister engaging in business, or even having financial interests in the country to which he is accredited. It is believed that there is no specific law upon the subject, and it is suggested that the determining point in this case will lie in the character of Mr. Clayton's investments and the extent to which they might seem to tend to influence his ambassadorial actions.

## QUITE HANDY

With His Gun and Three Men Fell.

Lexington, Tenn., March 15.—Samuel Pratt shot and killed two men and wounded a third. John Lindsey, Tom Hancock and his son-in-law, Samuel Hancock, and Neal Murray were taking a drink, when Pratt rode up and was invited to join. He refused, saying the liquor had been stolen from his home. Tom Hancock resented the imputation, whereupon Pratt drew his pistol and put a ball through Hancock's heart. Lindsey was then shot through the head. Both men died instantly. Pratt fired at Samuel Hancock, but the ball missed and lodged in the hand of Murray. Pratt came to Lexington and surrendered.

## BLACKLISTED

People Who Would Make the Hen Lay Red Eggs.

Washington, March 15.—An Ohio firm known as the United States Salix Co., operating from New Concord, advertising an article known as "Red Albumen" which would make hens lay a greater number of eggs than average, and red in color. Hens fed the preparation would, it was alleged, improve in health and the expense of dyes for Easter eggs be saved. Victims of the firm wrote the post office department and the concern was then placed on the black list of mail fraud order having been issued against it. It was discovered that the red albumen was nothing more than oxide of iron, or ordinary red paint.

## Drop of Thirty Degrees.

Grand Forks, N. D., March 15.—A furious storm has raged here all day, the wind blowing a gale and the air being full of particles of ice which cut the skin like needles. The temperature dropped 30 degrees and is still falling.

St. Louis, March 15.—Every union painter, decorator and glazier in St. Louis went out this morning on a strike. Two thousand men are involved in a demand instituted months ago by the painters, for an increase of pay from \$2. to \$3.60 for eight hours. Other trades are out in support of the painters. The general impression is that the strike will be of short duration as the contractors are crowded with orders.

## NEW

Job is Sought to be Created

For Some Pet

Who Stands Pat With Administration.

His Duties Will be to Inspect All the County Offices in the State

And for This Service He Will Receive Two Thousand Dollars Per Annum Paid by the State.

Columbus, O., March 15.—Mr. Willis introduced a bill to establish the office of inspector of county offices. His duties will be to inspect every county office in the state at least once a year. He is to be paid a salary of \$2,000 per year and traveling and hotel expenses.

Among the bills introduced was one that defines what is to be considered adulteration of soap and provides for punishment of those soap manufacturers or sellers who place mineral, insoluble or poisonous substances in soap. A bill by Mr. Middlestaert gives city council the right to expend money for at least three free concerts during the summer season in the parks. The bill applies to any city in the state. A measure by Mr. Ashby regulates the organization of guarantee and trust companies. It makes it necessary for these companies to have a capitalization of at least \$500,000 and that one-half of this must be deposited with the state treasurer instead of the insurance commissioner.

Other bills were introduced as follows: To permit county prosecutors to bring suit to recover taxes at the request of the auditor; to provide for the removal of county treasurer upon the complaint of two taxpayers; treasurer to be removed after an investigation by the common pleas court; to regulate issuance of preferred stock by raising the rate of dividend from 6 to 8 per cent on such stock and, in case of failure, preferred stock is to be paid in full before common stock is recognized.

In the senate: By Mr. Warner, providing for the care and treatment of crippled and deformed children, the governor to appoint a board of five members, who shall arrange for their admission to the state hospitals and other like institutions; by Mr. Archer, a duplicate of Mr. Stage's house bill applying income taxes to counties in lieu of the state levy; by Mr. Patterson, placing the officials of Adams county on stated salaries.

## WENT OUT

On a Strike for Wages This Morning.

Washington, March 15.—The district court of appeals overruled a motion for a rehearing made by Delos K. Longwolf, chief of the Kiowa and Comanche Indians in Oklahoma, and his associates, in their case against the secretary of the interior looking to overturning the government's action in throwing open their lands last summer. They alleged that the land was taken from them wrongfully. The motion was denied on the ground that no new matter had been brought out, and the court said the congressional ratification act was final and conclusive and that the courts have no jurisdiction over the subject. The decision expressed hope that the United States supreme court "may find a way to afford a remedy for what is alleged to be a grievous wrong to the Indians."

Four Persons Employed on the Train were Severely Injured in the Wreck.

Miners and Operators Meet. Altoona, Pa., March 15.—Of the 11 demands made by the United Mine Workers at a conference with the operators, five were rejected. The question of reducing the differential between pick and machine miners from 15 $\frac{1}{2}$  to 10 cents flat, strongly urged by the miners, was answered by the operators that "the market fixes the prices. The prices we receive are regulated by the prices we receive in the open market." President Pat Kilday said in reply: "We are here to get justice, and if we don't get it we will know the reason why." James E. Kerr retorted: "From top to bottom, we can't grant your scale, because we don't have to give it to you."

## Altgeld Obsequies.

Chicago, March 15.—Funeral services over the body of the late John P. Altgeld, former governor of Illinois, were held at the Altgeld home in Sherman Park. Judges of the Cook county bench, of which the deceased was once a member, attended in a body, all the courts having adjourned. Many flags were at half mast throughout the city. The services were brief and simple. Many people were unable to get into the house. Saturday morning the staff of Governor Yates will escort the body to the public library, where it will lie in state from 10 a. m. to 10 p. m. A procession of civic and social organizations on Sunday will follow the body to Graceland cemetery.

## WITNESS

Tells His Experience in the City of Shamoka Which was Recently Wrecked by an Earthquake.

The Scenes Which Followed the Fearful Disturbance Cannot be Described. The Heartrending Work of the Rescuers.

St. Petersburg, March 15.—Correspondence giving the details of the Shamaka (Trans-Caucasia) earthquake just arrived here.

On March 21, 1896, Professor Abich, a noted seismologist, declared: "As to Shamaka, it is to be feared that it will one day become a mass of ruins inside a few minutes."

It was not Shamaka's first warning nor her last. Nine earthquakes have been recorded at that place since 1896. In 1859 all the governmental institutions there were transferred to Bakur in consequence of an earthquake. The city lately contained 22,000 inhabitants. It was a laughing, vineclad settlement. An eyewitness thus relates his experiences on the first day of the disaster:

"There were two distinct shocks,

at 8 and 11 a. m., respectively; but the people, accustomed to rumblings of the earth, paid no heed. Instead of fleeing for their lives the Mohammedan women and children proceeded to their obligatory daily ablutions. At 12:30 p. m. (February 12 or 13), the earth bulged up suddenly and subsided again. People were thrown headlong in the streets, and when they arose were thrown down again. Asphyxiating vapors exuded from fissures in the earth and filled the air. The scenes that followed will never be adequately described. Men abandoned their families. There was a chaos of fearful cries. The telegraph office went down with everything else in the stricken portion of the city. Hence the delay in transmitting the news.

"The rescue work was heartrending. Forty or more persons were disinterred alive. Mothers were brought out dead with lifeless infants in their arms.

"On the first day a father saw his young daughter still alive, beneath a mass of debris. He released her, locked his arms about her and started away. A second shock buried father and daughter beneath a falling wall.

"There are nearly 20,000 persons shelterless, without sufficient food, without hope. The Red Cross society and the government officials have labored to relieve the worst sufferings. Collections have been taken up in the churches, but the amount thus collected is not yet known."

During the night of Miss Burns at the Brooks home, she showed the comb and remarked that she had been compelled to burn holes in it with a hot pin in order to fasten the silver, which was coming off. Mrs. Brooks was shown the comb found in the room at the Glen Island hotel, and said "Yes, that is the comb Miss Burns had in our house." The prosecutor then showed the witness a watch and asked if it belonged to her son. At the sight of the watch the witness fainted dead away, and was carried from the courtroom.

## IN THE AIR.

The Germs of La Grippe are Conveyed Through the Atmosphere.

No one can escape the La Grippe germ because when an epidemic of the disease is prevailing the air is laden with it.

The reason that everyone does not have the disease at the same time is because the persons who are enjoying perfect health are able to successfully resist and throw off the infection, while those, who for any reason are not in the best of health, fall ready victims.

Drilling for Gas and Hit an Oil Vein

And There is Now Excitement at Elwood.

Flow Got Away During a Test at Beaumont, Texas, and Made Things Lively for Awhile.

The town of Elwood is excited. The electric light company of that city was engaged in drilling a well for the purpose of obtaining gas and at noon yesterday a slight indication of oil was struck. The drill was 130 feet in the rock and will be sent deeper and then shot and the owners hope they may find oil, as the supply of gas amounted to nothing.

**Oil Got Away.**

The Beaumont Enterprise tells of a peculiar happening to a gusher in that field. They were preparing to test the well and had run up a horizontal pipe. To prevent spraying on all over the field they attached an elbow to direct the flow downward.

The pressure was to the left and before they could realize what was happening, the elbow began to revolve rapidly and was unscrewed and thrown off and the gate valve torn away. The pressure was so great that oil and gas were hurled several feet from the pipe before spreading and the gate valve could not be replaced. They had to attach a gate valve to the outside 10-inch casing and this held until the well was capped.

**New Use for Crude.**

Our oil is noted for the variety of its ingredients and for the diversity of its employment. It

Vision Greeted the Daughter.

Mother Hung

To a Bed Post and the Vital Spark Extinct.

Full Details of the Suicide of Mrs. Phoebe Gray, of South Main Street.

A Brief Notice of Which was Published by the Times-Democrat of Last Evening—Other Notes of Interest.

A most appalling tragedy occurred on South Main street yesterday afternoon about four o'clock. The victim of a deplorable and tragic death is Mrs. Phoebe A. Grey, who resided with her daughter, Mrs. L. Leach, at 147 south Main street. The suicide was gruesome in every detail. The deed of self destruction was ghastly. A more horrible sight could not have greeted the vision of Mrs. Leach, who was the first to discover her mother in the last agonies of an awful death. Yesterday afternoon the deceased, who so abruptly terminated her own life in such a terrible manner, was left alone a short time by her daughter, who went to call upon her sister-in-law, Mrs. L. D. Crary, residing in the immediate vicinity. During her daughter's absence, Mrs. Grey seems to have deliberately planned and executed the horrible deed that has shocked the entire community. Returning, Mrs. Leach went at once to her mother's apartments. Her anguish at beholding her mother in the attitude of pitiable death will never be known. Unable to fully appreciate the awful reality she sprang to attempt rescue and quickly tore away the shreds of old dress material by which her mother was partially suspended to the bed post. The body fell in a sitting posture, to the floor the head resting against the side of the bed. Mrs. Leach hurried away for medical assistance and two physicians promptly responded.

Weighed down with grief, Mrs. Leach could not be induced to re-enter the house for some time. When she did, it was to faint away under the strain of the excruciating ordeal. The doctors acted promptly but their patient was beyond all earthly aid. The spark of life had fled as deceased so rashly desired.

When Coroner Rice arrived, he made the further startling discovery

that in her mad effort to die deceased had also lacerated her throat. Two gaping wounds betokened the awful determination to become bereft of life. Knoxville.

The physicians agreed, however that the wounds in the throat would not have caused death. It appears the unfortunate lady realizing this, next restored to strangulation. The bloody cuts caused by the frantic knife thrusts, and the tell tale heavy lines about the throat revealed more than words can tell.

A search of the room failed to bring to light the instrument, with which she inflicted the gashes upon her throat. Since the death of her husband, Mrs. Grey has been residing with her daughter, Mrs. Leach. For some time past she has been in declining health. This, and brooding over her husband's death, is supposed to have caused a morbid melancholy, which unfortunately, seems to have affected her faculties to such a degree that in an hour of dark despair, when life seemed devoid of all hope and cheer, she was prompted to a deed that brought her to a premature death.

All arrangements for the funeral have not yet been completed, but the interment will be at her former residence in Holmes county. Deceased was sixty one years of age.

## Difficult Digestion

That is dyspepsia.  
It makes life miserable.  
Its sufferers eat not because they want to—but simply because they must.

They complain of a bad taste in the mouth, a tenderness at the pit of the stomach, a feeling of puffy fullness, headache, heartburn and what not.

Hood's Sarsaparilla cured Joseph F. Laine, Flanagan, Ky., who writes: "I was troubled with dyspepsia for a number of years and took medicine that did me no good. I was advised by friends to try Hood's Sarsaparilla which I did and it put my bowels in perfect condition, gave me strength and energy and made me feel like a new person."

**Take Dr. Greene's Nervura, the Best Spring Medicine in the World.**

In the spring everybody needs and should take a spring medicine. Spring is the time to be cured if you are sick. The word, and all through the use of Dr. Greene's Nervura blood and nerve remedy, of which I am proud to speak and stand ready to give a helping hand to suffering humanity. My health is my greatest blessing, and words fail to express the gratitude I feel for Dr. Greene and his wonderful remedy."

No other remedy in the world will do so much good as Dr. Greene's Nervura blood and nerve remedy. It is the true spring medicine, the ideal spring restorative and strength-renewer.

No remedy is so sure to purify the blood and strengthen the nerves, to bring back bloom and color to the wan and faded cheeks, the brilliancy to the hollow and haggard eyes, the lightness and elasticity to the weak and weary steps, the strength, vigor, and vitality to the unstrung, shattered, and worn-out nerves. It is, indeed, the greatest of all spring medicines, for it makes those who use it well and strong.

Dr. Greene's Nervura blood and nerve remedy is purely vegetable and perfectly harmless, and now is the time to take it—now is the time you need it most—now is the time to be cured.

Dr. Orlando Kiser, 954 Reese Ave., Lima, Ohio, says:

"Many years ago I was unfortunate enough to lose my health, and while endeavoring to regain the same gradually grew worse, until I became a complete wreck in every respect. My nervous system was entirely shattered, the nerves controlling the heart became weak and the heart's action irregular, which was a source of great alarm to me. I was unable to sleep, digestion was deranged, and I could scarcely speak. I consulted my time short for his sake I became discouraged and

**WORLD'S CHIEF SPANKER.**

Professor Little Chastised Forty-nine Pupils In Thirty-seven Minutes.

Professor F. A. Little now holds the spanking championship of the world by chastising forty-nine of his pupils in thirty-seven minutes.

Manchester, near Waterbury Conn., was the scene of this record breaking achievement, and there are precious few children there now who are not convinced that spanking one's buns is as good in practice as in theory, says the New York World. It came about through a masked parade striking town. It was recess. In a body all hands voted to quit and follow the buxom cork artists. When the bell rang for school, only a straggling few were in evidence.

Principal Little waited patiently till the last scholar, a girl, returned. Then there was an interesting executive session in the cellar, in which a supple length of garden hose and forty-nine children played the leading parts. Then the sobbing forty-nine, just thirty seven minutes later, were marched back to their books. The parents of the spanked pupils are up in arms, and the school board has been appealed to. Little awaits their coming with calmness.

Professor Little is clearly and impressively in appearance. He likes to keep in touch with the market, sings impressively in the choir of the Congregational church and is a great "rooter" for the Hurford Baseball club. There are eight schools in the Manchester district and Professor Little is principal of them all. In the other seven schools, now not even the passing of Barnard's circus would cause an eye to bat itself from a book.

A Healthy Body

is one to be maintained only by proper diet and exercise whereby natural drugs, internal secretion and excretion are kept in proper condition and the excretions and faeces of the body in disorder and disease are removed. All organs are dependent upon a healthy diet and any disorder of the body is partly responsible for the disease. It prevents disease. It prevents disease and in turn for a cure since it prevents disease. St. Bernard Vegetable Pills will soon accomplish this.

### Of the City Across the River.

### Three Sermons Delivered at St. John's Church Yesterday

### One in the English, one in the German, and one in the Italian Language.

### An Interesting Bundle of Gossiping Local News and Personal Men- tion from the South Side.

At St. John's church this morning, mass was celebrated in commemoration of the feast of St. Patrick, the patron saint of Ireland. The service was largely attended. Rev. Father Rupert's remarks upon the universally observed natal day of the renowned character were appropriate and edifying. The past, present and future of Ireland's history were carefully considered. His comprehensive review of important events in Irish history was well received by a large audience composed chiefly of persons of that nationality. He paid a glowing tribute to St. Patrick, whose acts he declared to be worthy of emulation by all people everywhere.

Yesterday was a notable one at St. John's church on account of the excellent sermons in three different languages. At the first mass Father Rupert delivered a praiseworthy sermon in English. During high mass he addressed a vast audience in the German tongue. This was the second of a series of German sermons.

Later in the day Reverend Weber, of Van Wert, spoke for nearly an hour in the Italian language. Many of this nationality from all over the city were present to hear a sermon delivered in their native tongue. Father Weber's classic discourse was commanded by those conversant with the language, being pronounced one of the most perfect they had ever heard.

Mr. and Mrs. Frank Ebner are the happy parents of a pretty baby girl. B. S. Langman, of Cincinnati, accompanied by his wife, yesterday enjoyed the hospitality of Mrs. Langman's parents, Mr. and Mrs. Adam Simons, on East Kirby street. The visitors left for home last night.

Lee Daily resumed his employment at Elida this morning, after a several weeks absence caused by illness.

Father Veneman, of Marysville, was the guest yesterday of Father Rupert, pastor of St. John's church. Rev. Veneman, who was for many years an Indian missionary, is a most affable gentleman, who is fast becoming popular with south Lima residents.

Frank Stepton, of south Central avenue, yesterday entertained his parents, Mr. and Mrs. David Stepton, of Crislersville.

John Dickens today returned from Cherry Vale, Kans., where he has been employed drilling gas wells.

Mrs. Sarah McKeen, from Bear Lake, Michigan, is receiving a cordial welcome at the home of her sister, Mrs. E. Stuckey, of south Union street.

Mrs. B. F. Means' guest, Mrs. J. F. Dawson, has gone to her home at Waynesfield.

Mrs. C. Taylor, of south Main street, has returned from visiting at Jersey city.

Byron McCarty, of Thawesford, Ont., Canada, left this morning for a combined business and pleasure trip through southern Indiana. He has been the guest of G. A. Herrett, the past week.

Mrs. Van Tyler is enjoying the sociability of friends at St. Marys. Miss Anna Kepner has accepted a

position in a new school in the east end. A new seven room house with modern improvements, on paved street, corner Elm and Prospect. Let design. Will sell at reasonable figures if sold at once.

Also I have my place of business at the depot. One of the best paying restaurants and sample rooms in N. W. Ohio. Fifty passenger trains arrive and depart every twenty-four hours within calling distance. Reason for selling going in my new block.

### Friends Pay Last Tributes to Judge Davies.

The Able Jurist Laid to Rest Saturday Afternoon, Mourned by Those Who Knew Him But to Love Him.

The remains of Judge Davis were borne tenderly to their final resting place in Graceland cemetery at Sidney, Saturday afternoon, and his former friends and associates of the Allen county bar made up the largest delegation that attended the funeral from abroad.

The pall bearers who officiated were Judge E. L. Haskins, D. Oldham and J. O. Barnes, of Sidney; R. C. Eastman and C. B. Adgate, of Lima, and S. A. Haskins, of Wapakoneta.

The honorary pall bearers were Judge Harrison Wilson, of Sidney; Judge James L. Price, Judge W. H. Cunningham, Judge T. D. Robb, D. C. Henderson, W. L. McKenzie and I. S. Moeller, of Lima, and Hon. F. C. Layton, of Wapakoneta.

Prior to the funeral the Sidney bar held a memorial meeting during which a number of tender tributes were paid to the deceased jurist and a resolution framed and introduced on the court records, a part of which was as follows:

"Again the Sidney Bar is called upon to record the death of one of its members.

"On Thursday morning, March 13th, 1902, just as the clock struck the hour of one, the heart of Judge William D. Davies ceased to beat.

"Born near Iowa City, Iowa, January 29, 1850, our brother was 52 years, 1 month and 23 days old when the summons came—just when he had reached the zenith of mature manhood, when the future should have looked brightest, and life most dear.

"At the early age of twenty years, he was admitted to the bar in Iowa City, but did not embark in the practice of law until the year 1875, when he came to Sidney and purchased the literary and business of the late Judge Thompson. He at once took a high and commanding position at the bar of his adopted county, and soon built up a large and lucrative practice.

Miss Louisa Thull returned Saturday evening from Ada, where she attended as a delegate from the south Lima Baptist church, the Auglaize Baptist association convention. She read an essay before the meeting.

An interesting baby girl has come to make glad the hearts of its parents, Mr. and Mrs. Fredrick Huffman, on south Elizabeth street.

Edward Dempster, who is attending the college at Ada, is home for a brief vacation, which he will spend with relatives in south Lima.

## And His Mind

Is Expressed in Unmistakable Terms.

Secretary Numan Has a Few Words to Say on the Option Scheme

And Denounces it as an Attempted Steal—Declares the Ft. Wayne Traction Co., Has Nothing to Do With It.

The disclosure of the scheme to secure options from lot owners, who have an interest in the Lima Locomotive and Machine Works property on east Market street, has been the chief subject of conversation among business men, and especially those who have an equal interest with the ones who have been approached in the matter. Just what was lack of it, and who the principals are, has not been fully determined, and for that very reason, several guesses have been made, but with nothing to substantiate the expressed suspicions.

Secretary Numan, of the Board of Trade, who is also secretary of the Lima-Ft. Wayne Traction Company, is particularly incensed, and with the purpose of settling aside the rumor that the Traction Company was interested, as well as to air his opinion of the so-called conspiracy, he has made the following statement:

To the citizens of Lima and especially the purchasers of lots in the Lima Locomotive & Machine Company's ad-

I have been requested by a number of my friends to tell the public what I know about the contemplated steal of the Lima Locomotive & Machine Company's east Market street shops, and the park-lands. I will say positively that as secretary of the Lima Board of Trade, I know nothing about it, only what I have read in the Lima papers.

The Lima & Ft. Wayne Traction Company's name has been connected with this affair, and as secretary of said company, I will say positively that I know nothing about it, and cannot investigate to its fullest extent, and I will be only too glad to assist.

I consider the methods used to obtain possession of this property as a contemptible piece of trickery, and a rotten steal, no matter who is back of it.

I have never, as secretary of the Board of Trade, sent out or town for foreign talent to come and advise the people of Lima and especially the purchasers of lots, the best way to handle the property. When the property owners fail to agree upon certain plans, then we shall be only too glad to let some out sider help us out of our difficulty.

I would also like to know who the twenty-six people are that have signed away their interest in this property for a measly \$10.00 note. I understand that Joseph Askins was employed to secure these options. Mr. Askins is a member of the Lima Board of Trade, and is in good standing, and if he will kindly furnish me the names of these twenty-six very liberal citizens, then the public can draw their own conclusion.

The proposition as it appears to every good business man in the town,

is not legitimate. If it is, then come out open and above board and tell us that you want the Locomotive plant, and what you want it for, and as secretary of the Board of Trade, you can rest assured that you will have my hearty support, but as it stands now, ninety-nine people of Lima out of one hundred, consider it a down right steal; a proposition to get fifty thousand dollars worth of property for the sum of twenty-seven hundred.

I trust that this will cover the information asked for, as far as I am interested, and hope that the proposition be thoroughly investigated, and beg to remain

Yours very truly,

W. F. NUMAN.

The Advertising Demand for Space is Too Heavy That Extra Space is Necessary.

Today's edition of the Times-Democrat contains twelve pages—four pages more than usual.

This enlargement is made necessary by the demand made by advertisers for the use of our columns, which has limited the space required for the large amount of news matter carried each day in the Times-Democrat, so that eight pages would not contain it all.

Choice reading matter of local and general character will be found upon each one of the twelve pages of this edition of the Times-Democrat.

## SURPRISE

Sprung on an Employee of the Shops.

The Presentation of a Present was Followed by the Collapse of the Platform.

The boiler makers at the Lima Locomotive and Machine works, never forgot a shopmate when he is leaving them, and they make no distinction. Luke Noonan, who has been long in the swim, resigned his position to take up farming which was his former occupation, and when the fact leaked out and the boys all got onto it, they assembled at the noon hour and chose John E. Watts as spokesman.

John is always ready for such an occasion, and he mounted a platform erected for the purpose, and with a very fitting and impressive speech, brought tears to the eyes of Mr. Noonan. He then presented him with a handsome cane which had a Klondike nugget for a handle, but a close observer would notice that the straw cane once held as a broom had disappeared.

Then Noonan mounted the platform and responded in an eloquent talk, even regretting that he had resigned. At this moment the platform collapsed and carried Noonan with it, the Klondike end of the cane striking him in the mouth. To even up matters the boys presented him with a box of cigars and expressions of good feeling and well wishes were heartily exchanged.

## Lost His Wife

Through the Channels of Divorce Court

And was Scored by the Judge for His Treatment of the Woman.

L. H. Green Will Have to Hunt Another Place to Lay His Head and Quit Sponging on the Wife He Abused.

An interesting divorce suit occupied the attention of Judge Cunningham this morning and resulted in the complete discomfiture of the defendant.

The plaintiff was Mrs. Ella Green, who was married to L. H. Green at Van Wert, October 9, 1884, and for several years they have been living at 310 east Market street. Mrs. Green related a story of neglect and cruelty on the stand and her statement that the defendant had done practically nothing toward the support of the family, but was abusive and cruel, was supported by several reputable people who had been her boarders.

She related several instances when her husband cursed and abused her, on one occasion choking and striking her and threatening to throw her out of the house.

The defendant attempted to prevent the decree by denying the allegations, but the case of the plaintiff was sufficiently strong in the notion of the court to warrant a divorce. He not only granted it but read Mr. Green a curtain lecture that he will not soon forget. He expressed his opinion of an able bodied man who would shirk work while his wife slaved over the wash tub and fed hungry boarders and believed that the law provided the only means that a wife had of ridding herself of such a nuisance. C. F. Bryan and J. C. Ridencour represented the plaintiff and W. L. Mackenzie appeared for the defendant.

At Sheriff's Sale.

Deputy Sheriff Summers offered for sale today 30 acres of land in Perry township, in the case of Knox Lehman vs. Margaret Haines. The appraised value was \$4300 and it was sold to J. C. Ridencour for \$4,650.

Grip Drove Her Insane.

Judge Miller conducted an inquest on west Spring street this morning and declared Miss Emma Bird, a colored girl, to be insane. She will be taken care of at home until word is received from the Toledo authorities.

The girl's condition is due to an attack of grip and the malady has taken a violent turn.

## REGIMENT

Every Boy Present Will be Given a Ticket to Basket Ball Game March 22nd.

Rev. F. P. Bossart, of St. Paul's Lutheran church, will address the boys' Gospel regiment tomorrow, on the subject, "The Best We Can." Mr. Bossart is a man of fine ability and pleasing presence and what he says is sure to interest and benefit his hearers.

Every boy present tomorrow will receive free, a ticket to basket ball game to be played Saturday, March 22, between the Junior team, Capt. Orr, and an ex-Junior team, Capt. Reely. The new uniforms of the Juniors are red and white, and very pretty.

Harley Holmes and his orchestra will be on hand tomorrow without fail.

Last Sunday's attendance reached 196. The regiment will now go after 250. New chairs must be procured as nearly every chair in the building has been in use the last two Sundays.

At Co. D's meeting, Howard Horn was elected captain in place of Roy Cochran, who has moved to Delphos. Tillman Kinney is 1st Lieutenant and Kenneth Hood 2nd Lieutenant.

All the ladies have been waiting for Mrs. Light's millinery opening. It begins next Tuesday, and if you want the most becoming hat you ever had, come to us for it. Mrs. Light, 134 north Main street.

Underwent Delicate Operation at Toledo.

Mrs. W. H. Matchett, of 211 east Spring street, left Lima short time ago to have an operation performed at St. Vincent Hospital, Toledo, for what was supposed to be appendicitis. Word has been received that an examination disclosed a perforated intestine and the operation was a very delicate one. It was performed by Mrs. Matchett's brother, Dr. Lawless, the latter's son, and Dr. Smith. She rallied from the operation but it will be several days yet before the absolute result can be determined.

Motion of Woodland Avenue Savings & Loan Company for leave to amend answer by striking therefrom as prayed in said motion sustained and said answer and cross petition amended as prayed in said motion. **SATISFIED**

Was Mr. Koch With the Smith &amp; Nixon.

Seven years ago Landlord Koch, of the Lima House, bought a fine Smith &amp; Nixon piano from the old reliable music house of Porter &amp; Son. The piano gave such splendid satisfaction that when the question of purchasing another came up Mr. Koch at once decided to stand by the one he knew all about, and Friday he visited Porter &amp; Son and bought a beautiful Smith &amp; Nixon piano, paying a fancy price for it, for it is of the finest finish and best quality.

Nothing could speak better for the quality of this well known instrument and for the reputation of the piano than this great music house enjoys. When a man has had one instrument in his household for seven years he certainly has had all chances to test its reliability and merit thoroughly. And then, after he has tested a certain instrument for this period and at once decides to buy the same make of piano from the same firm there is double significance in it. First, he is satisfied that the instrument must be all right, and second, he knows just where to buy another that will give him proper returns for the money invested. In other words he trusts his investment in the same instrument and goes to the old reliable, Porter &amp; Son, for it.

Dan O'Connor, of the insurance firm of O'Connor Brothers, purchased a fine Stein piano last week from the same reliable house.

**ONE****Way of Dodging the Law.****The Boop Case****On Trial in Common Pleas Today****Under the Provisions Set Out in the Winn Liquor Statute**

Jim Boop and His Wife, Henrietta, Claim to Conduct Their Parts of the Building Independent of Each Other.

Another whirl is being taken today at one of the Winn law cases, some of which were prosecuted without success several years ago, and the present one has since hung fire.

The state of Ohio is the plaintiff in the case but the affidavit was filed by David, better known as "Warty" Ward, and James Boop, proprietor of the saloon on the corner of North and Tanner streets, and Mrs. Boop are the defendants.

The Winn law was introduced for the purpose of preventing the sale of intoxicating liquors in connection with houses of prostitution, and was expected to go a great way towards breaking up such resorts, but as usual there have been anomalies employed to get around the letter of the law, and convictions are few and uncertain. Several cases of the kind came to trial in Lima but the defendants managed to clear themselves.

In the present case, James Boop admits owning the building on the corner of North and Central avenue, and operates a saloon, but denies having any interest in the property adjoining, or the business conducted therein. Mrs. Boop admits that she owns the adjoining premises, and that a house of ill fame is conducted in it, but denies having any interest whatever in the saloon.

If it can be proven to the satisfaction of the jury that these conditions exist, the defendants are not liable under the Winn law, as the two businesses must be operated together, and this is what the state is endeavoring to prove. P. R. Kerr and Judge J. E. Richie represent the state and Eidenour &amp; Halfhill the defendants.
